CAREER OBJECTIVE

Motivated **Java Full-Stack Developer** with a strong foundation in **Java, Spring Boot, and MySQL**, seeking a role in a fast-paced IT environment. Passionate about developing **high-volume, low-latency applications** and ensuring top-tier performance. Dedicated to writing **testable, efficient code** while collaborating in agile teams for continuous improvement.

TECHNICAL SKILLS

- **Programming:** Java, JavaScript, jQuery, HTML, CSS
 - **Frameworks & Tools:** Spring Boot, SPRING JPA, MySQL, Git, RESTful APIs
 - **Development Practices:** Agile methodology, Test-Driven Development (TDD), Microservices architecture
-

EDUCATION

KPR Institute of Engineering and Technology, Coimbatore, India
BE Electrical and Electronics Engineering (CGPA: 7.5) | **June 2020 – April 2024**

EXPERIENCE

Java Full Stack Developer Intern – IPCS Global, Coimbatore

June 2024 – Jan 2025

- Developed and maintained **full-stack web applications** using Java, Spring Boot, React, HTML, CSS, and MySQL.
- Designed and implemented **RESTful APIs** to support frontend interactions and microservices.
- Integrated **JPA** for efficient database management and CRUD operations.
- Built an **eCommerce website** with user authentication, payment integration, and optimized database queries for scalability.
- Worked with Maven for project build automation and dependency management.

Software Developer Intern – In Createch Solutions Pvt Ltd, Coimbatore

June 2022 – July 2022

- Contributed to developing a **railway ticket booking system**, improving performance and user experience.
- Assisted in debugging and implementing **new features** to enhance application functionality.
- Optimized database queries to **reduce latency and improve application efficiency**.

PROJECTS

E-Commerce Website (Spring Boot + MySQL)

- Developed a **scalable e-commerce platform** with four user modules: **Admin, Vendor, Staff, and User**.
- Designed and optimized **RESTful APIs** for product management and order processing.
- Implemented **secure authentication and role-based access control**.
- Integrated **JPA** for seamless database interactions and tools used Maven.
- **GitHub:** [E-Commerce Backend](#)

Portfolio Website

- Built and deployed a **responsive personal portfolio website** showcasing projects and skills.
- Used **HTML, CSS, JavaScript, and jQuery** to create an interactive UI.
- Deployed on **GitHub Pages** for accessibility.
- **GitHub:** [Portfolio](#)

CERTIFICATIONS

- **Java Full-Stack Developer Course** – IPCS Global Institute
- **Java Internship** – IPCS
- **Java Programming** – GUVI

KEY ACHIEVEMENTS

- **First Place** in Project Presentation – Coimbatore Institute of Technology
- Contributed to a **high-performance ticket booking system**, improving query optimization and reducing latency.

ADDITIONAL INFORMATION

- Passionate about **software performance optimization** and exploring **cloud-based solutions**.
- Open to learning **DevOps, CI/CD, and containerization** to enhance deployment strategies.
- Familiarity with Maven **and API documentation** for streamlined development processes.
- Hands-on experience using GitHub for version control in a collaborative team setting.
